PETITION

To the Legislative Assembly of Ontario:

WHEREAS 1,776 Ontarians were waiting for an organ transplant as of Oct. 18, 2026, and one Ontarian dies every three days while waiting;

WHEREAS nine in 10 Ontarians support organ donation, but only 34 per cent are registered donors;

WHEREAS families in Ontario are asked to reaffirm a registered donor's decision, and a registered decision to donate can still go unfulfilled when a family says no;

WHEREAS Ontarians can register their decision to donate from the age of 16;

We, the undersigned, petition the Legislative Assembly of Ontario to pass legislation establishing an opt-out system of organ and tissue donation for Ontarians aged 16 and older, under which a person's registered or deemed decision to donate cannot be overridden by family members.
